THE ENTRANCE

The grand entrance gate of the society stands as a majestic symbol of safety and pride, creating a powerful first impression for residents and visitors. Guarded 24x7 by trained security personnel, it ensures controlled entry and exit, enhancing privacy and peace of mind for every family. Right in front of the gate, a small Ganga jal canal flows gently, adding a sacred and soothing touch that evokes purity and auspiciousness in daily life. Together, the strong security and divine presence make this entrance a true gateway to secure and serene living.

GANGAJAL CANAL AT FRONT OF THE GATE

THE FOUNTAIN

A graceful fountain on the entrance wall creates the soothing illusion of a natural waterfall, instantly refreshing everyone who enters the society. The continuous flow of water softens the architecture, adds movement to the façade, and makes the gateway feel alive and welcoming. Gentle water sounds naturally calm the mind, reduce stress, and help residents leave behind the noise and chaos of the city as they arrive home. In the evening, subtle lighting on the falling water further enhances its beauty, turning the entrance into a serene focal point.

HARIDWAR, UTTARAKHAND

SITE PLAN

The site plan of the society is thoughtfully designed to stand out as truly unique in the entire area. Every plot in the layout is either two-side or three-side open, ensuring excellent natural light, cross-ventilation, and a strong sense of openness for every home. This kind of planning reduces congestion, avoids the boxed-in feeling of typical layouts, and allows residents to enjoy fresher air, better views, and more privacy compared to standard single-side-open plots.

SHREE HARI ENCLAVE - PHASE 1

HARIDWAR

SITE MAP

Shree Hari Enclave Phase 1 in Haridwar spans a total area of 24.56 bighas. The layout is thoughtfully designed, allocating 10.29 bighas for wide, well-planned roads ensuring smooth connectivity throughout the society. Green spaces are prioritized with 1.57 bighas dedicated to parks, providing residents with serene recreational areas for relaxation and community activities. The largest portion, 12.68 bighas, is reserved for plotted areas, offering ample space for residential development. This balanced distribution highlights Shree Hari Enclave's commitment to a harmonious living environment combining efficient infrastructure, greenery, and comfortable residential plots.

THE PARK

IMPORTANCE AND USAGE OF THE PARK

A park inside a housing society near Rajaji National Park becomes a natural extension of the surrounding forests and fresh air. It gives residents a peaceful, green breathing space where they can relax, walk, and feel close to nature every day. Green areas like this are known to improve air quality, reduce heat, and create a cooler, cleaner micro-climate around homes.

THE TEMPLE

FROM VISION TO REALITY EVERY STEP MATTERS

A beautiful temple within the society serves as its spiritual heart, offering residents a peaceful place for daily prayer, meditation, and festivals. It creates a calm, divine atmosphere that helps people slow down, reflect, and feel emotionally balanced after a busy day. The temple also becomes a natural meeting point where neighbours gather during aartis and celebrations, strengthening bonds, preserving traditions, and nurturing a warm, cultural community for all generations.

STATUS UPDATE

HARIDWAR, UTTARAKHAND

The project is already taking a strong, visible shape on ground. The entire site has been securely covered with a boundary wall and the grand entrance gate is completed, clearly defining the society's identity and providing a safe, enclosed campus for residents. Inside the premises, work on a few villas is actively underway, with structures rising as per the approved layout, giving visitors a clear confidence that development is in progress and the community is steadily moving towards completion.

ROAD NAMES

All internal roads in the society are thoughtfully named as per the project's central Krishna-theme, inspired by the divine era of Lord Krishna and his companions. From the moment residents enter, these road names gently remind them of beloved characters and stories from Krishna's life, adding a cultural and devotional touch to everyday navigation. Themed street naming not only makes the layout more memorable and easy to understand but also creates a strong, unified identity for the entire township.
